

I WISH
to go...

Emma, 11
Magnetic Springs, OH

I wish to go
on a Disney Cruise Line®

Despite fighting cancer, Emma continues to be a sweet, caring, 11-year-old. Her heartfelt wish is to go on a Disney Cruise Line so that she can enjoy nature, water slides, and all things Disney!

11-year-old Emma loves water slides. When spending time with family, she enjoys hiking, camping, and being outside. In addition to her outdoor activities, Emma is enthusiastic about reading, studying science, and crafting.

Emma is battling rhabdomyosarcoma, a type of cancer that impacts the soft tissue, connective tissue, and bone. Before her diagnosis, she loved to play softball and soccer. Despite her challenges and frequent hospital visits, she continues to keep a positive attitude and enjoys getting outside when she can.

Inspired by her love of nature, water slides, and all things Disney, Emma wished to go on a Disney Cruise Line to the Bahamas. Emma

plans to enjoy the many benefits of taking a Disney Cruise, such as 3D movies, Disney characters, ocean views, and island destinations.

Emma is looking forward to riding water slides, building sand castles, playing in the ocean, and meeting as many Disney characters as possible! She hopes to visit Disney's private island, Castaway Cay, while on her cruise. For a child like Emma with a life-threatening medical condition, going on a cruise means so much more than just a vacation. The anticipation of her wish will provide hope, strength, and joy to Emma and her family.

Thank you for making wishes like Emma's come true!
